**Question #:1**

In a single-level configuration, you want to use a constraint so that if characteristic C1 has the value V1, then characteristic C2 is assigned the value V2.C1 and C2 are assigned to class (300)T\_FCL00.What would be a correct complete constraint?

- A. RESTRICTION: \$self.C2 = 'V2' if \$self.C1 = 'V1'
- B. RESTRICTION: (300)T\_FCL00.C2 = 'V2' if (300)T\_FCL00.C1 = 'V1'
- C. RESTRICTION: ?C2 = 'V2' if ?C1 = 'V1'
- D. RESTRICTION: ?T\_FCL00.C2 = 'V2' if ?T\_FCL00.C1 = 'V1'

**Answer: B**

**Question #:2**

When or why do you assign production resources and tools to an operation?

- A. To map the equipment of the Work Center with production resources and tools.
- B. To make additional production resources and tools available that do not belong to the equipment of the Work Center.
- C. To provide additional components which cannot be assigned to the BOM.
- D. To make them available for operation inspection only.

**Answer: B**

**Question #:3**

Which features are available when working with the Manage Documents app?Note: There are 2 correct answers to this question.

- A. A secure storage area can be selected manually.
- B. An object link to every SAP Object can be defined.
- C. All information is displayed on only one page.
- D. A secure storage area is selected automatically.

**Answer: C D**

**Question #:4**

What information does a change number header include?Note: There are 2 correct answers to this question.

- Object information
- Change number status
- Parameter effectivities
- Change type
- A, B

**Question #:5**

What objects can be changed with a change number?

- A. Bills of Material
- B. Cost Centers
- C. Work Centers
- D. Task Lists

**Answer: A D**

**Question #:6**

Which prerequisites must be fulfilled before a configuration profile can be created and released for a configurable material?

- A. At least one variant class must be assigned to the configurable material. Values must be assigned to the characteristics here.
- B. At least one variant class must be assigned to the configurable material.
- C. At least one variant class must be assigned to the configurable material. Values must not be assigned to the characteristics here.
- D. Exactly one variant class must be assigned to the configurable material.

**Answer: C**

**Question #:7**

You use the app Find Objects in Classes. How do you find a class?Note: There are 2 correct answers to this question.

- A. Via hierarchy
- B. Via change number
- C. Via assigned characteristics
- D. Via Class BOM

**Answer: A C**

#### Question #:8

For which applications can you define formulas inside a Work Center?Note: There are 3 correct answers to this question.

- A. Capacities
- B. HR assignment
- C. Scheduling
- D. Hierarchy
- E. Costing

**Answer: A C E**

#### Question #:9

There are item categories that are only allowed in configurable BOMs.What do you have to keep in mind when working with configurable routings?Note: There are 3 correct answers to this question.

- A. Equipment as production resources/tools may only be used in configurable routings.
- B. All types of operation can be used in non-configurable and configurable routings.
- C. All sequence categories can be used in non-configurable and configurable routings.
- D. All production resources/tools categories can be used in non-configurable and configurable routings.
- E. Alternative sequences may only be used in configurable routings.

**Answer: A B E**

#### Question #:10

You create a new characteristic with numeric values and you only set a single value assignment. You add one

interval inside value tab. What does it mean for classification?

- A. The user can set values which don't belong to the interval.
- B. The user can select an interval inside classification.
- C. The user can select one value of the interval inside classification.
- D. The user can select several values out of the interval inside classification.

**Answer: C**

CERTSOUT

# About certsout.com

[certsout.com](http://certsout.com) was founded in 2007. We provide latest & high quality IT / Business Certification Training Exam Questions, Study Guides, Practice Tests.

We help you pass any IT / Business Certification Exams with 100% Pass Guaranteed or Full Refund. Especially Cisco, CompTIA, Citrix, EMC, HP, Oracle, VMware, Juniper, Check Point, LPI, Nortel, EXIN and so on.

View list of all certification exams: [All vendors](#)

We prepare state-of-the-art practice tests for certification exams. You can reach us at any of the email addresses listed below.
